## **Axxess and QAPIplus Partner to Streamline Quality Improvement**

*Partnership Will Ease Clinical Burden and Promote Improved Patient Outcomes*

DALLAS, June 12, 2023 – Axxess clients will soon be able to streamline their quality and regulatory compliance workflows through a new partnership with QAPIplus. This will ease the burden on clinical and operational teams, enabling higher performance and better outcomes for patients and families.

Home health and hospice organizations will soon have access to a customized QAPIplus-Axxess interface for outcome-based continuous quality improvement and data-driven clinical decision-making.

“With the increased focus on value-based arrangements in the care at home industry, continuous quality improvement is critical,” said Chris Taylor, Senior Vice President of Channel Partnerships at Axxess. “Our partnership with QAPIplus will enable organizations to practice data-driven quality management, setting them up for value-based success and improved patient outcomes.”

The partnership between QAPIplus and Axxess will provide:

- Data-driven patient care quality improvement
- Real-time analysis and trending of collected data
- Reduced cost and time for regulatory compliance
- Organizational survey-readiness

"We are excited to partner with Axxess in our shared vision of revolutionizing the approach to quality, streamlining processes and empowering home health and hospice organizations to achieve higher performance while minimizing the burden on their dedicated staff," said Armine Khudanyan, CEO of QAPIplus. "This partnership represents a significant step forward in empowering the healthcare industry to deliver exceptional care through integration and collaboration."

The integration with QAPIplus will be available with Axxess Home Health and Axxess Hospice.
